Prominent Engineer Making Soundings For Water In Hamlin's Territory Preparatory For Future Action Here

Last week the City Council closed a deal with W. A. French, who recently resigned as Highway Engineer of this district, to make preliminary surveys in the search for water for Hamlin.

In conversation with Engineer French, we learn that he is proceeding carefully, not talking much, guarding each word that he says and listening to everything he hears about water. He did venture to say that it is a problem to solve, if solvable at all. He said he had heard the city was without water but did not fully realize that we only had a scant mudhole.

Tuesday of this week Ye Editor happened to sit at lunch with Mayor Culbertson. In the course of the conversation he said he had walked 25 miles with Engineer French. We presume he was looking for water or its possibilities. We did not learn where the walking took place.

Mayor Culbertson said that this survey was an essential preliminary that must be taken when and if this City is to attempt to secure water any time in the future. Just what fields of hope for water the engineer has, if any, and when it will be revealed can not now be given out, by them or this publication.

Everyone who has given any thought to the water subject well knows it is going to be hard to solve. In various directions oil wells have been dug as deep as 6,000 feet and no worthwhile show of water was struck, or if it was, the quality was unfit for use. Hence it looks as if surface water must be depended upon if we get it. The Engineer may differ. Surface water in a flat country is hard to stop, but perhaps Engineer French can work out some scheme to do that trick. Let's hope so anyway.

Right here let the Herald say that most of us who do not bear the responsibility of getting water for absolute necessities, can realize the task. Up to this time the creek wells near by have been able to keep ample water for sewerage and fire protection. Let's hope we may continue to have this much till it rains.

Kurt Schoemann, manager of the Strauss Dry Goods Co., is leaving this Friday for New York where he will meet his mother, Mrs. Frieda Schoemann, who will arrive on Monday or Tuesday from her home in Traben-Trarbach, Rhineland, Germany. She will accompany her son to Hamlin to make her home here. While away Mr. Schumann will visit the dry goods markets in St. Louis and New York to make purchases for his store.

Miss Nora Koen went to Abilene Wednesday of last week to enroll as a student in Abilene Christian College.

Miss Edna Pearl Bull left Saturday for Lamesa where she will attend school.

FOOTBALL BANQUET WAS HELD HERE THURSDAY EVENING

Thursday evening, Jan. 13, the Hamlin football team entertained with a banquet at 7:30 o'clock in the High School building.

A color theme of green and white was used in all decorations and green and white costumes were worn by the waitresses, girls from the Home Economics department, who served the 100 guests under the direction of their teacher, Miss Ann Hudson.

Tables were lighted by tapers where chrysanthemums and begonias gave the floral touch. Cleverly arranged football fields formed center-pieces and miniature football players were the favors.

As guests arrived in the lower hall they were greeted by a committee composed of Charles Prater, Robert Fowler, Marvin Carlton and Paul Hudson. They were directed to the upper hall where the banquet was served. Preceding the banquet group singing was lead by Frank Lawliss and invocation was given by Charles Prater.

The following program was presented by Durwood ("Bub") Locke who acted as toastmaster.

PROGRAM

Introduction of football boys.
Music — Miss Harrell, director, Rosemary Carlton, Effie Lois McCoy, Constance Teague.

Introduction of Football Manager, Tom Williams, by "Bub."

Introduction of Coach Kimbrough, of Hardin-Simmons University, by Tom Williams.

Short talks by Mr. Bennett, Coach Sealey and Mr. Green.

Closing remarks by the Toastmaster.

The menu consisted of: Baked ham, mashed sweet potatoes with marshmallows, buttered carrots, apple and celery salad, rolls, butter, orange tapioca, coffee.

APPRECIATION AND ANNOUNCEMENT

Parker's Shoe and Harness Shop wishes to express our thanks and appreciation to the Fire Department and others, for their untiring efforts to save our possessions in the recent fire. We are reopening in the building south of York's Variety Store, and will be glad to serve the public in our new location.

MR. and MRS. WILL A. PARKER.

Miss Myrtle Lee Cohorn and Ernestine Weatherford visited friends in Midland and Odessa the past week end.

JUDGE BURLESON FOR REELECTION

Below will be seen the formal announcement of Judge Omar Burleson, asking for the office of County Judge of Jones County.

From all reports, it would seem that Judge Burleson has made a good official and there is no reason for placing the office in new hands at this time. Nearly every announcement says "make your investigation" and that's that. Voters don't "investigate"—most of us take "what we hear" and act on that basis. Now what we hear about our young County Judge is good and fine and so why "investigate." This goes for any and all offices. Of course records are the sure things that count, and acts and conduct on the other hand stimulate "rumors" and if the rumors are good . . . all is well and good. Every citizen should be pleased to hear that the business affairs of the county are being looked after in a business-like manner and that our officials stand high in the estimation of their fellow man. Judge Burleson has developed into one of the State's best orators and stands head-high in Texas. But let's read what he has to say:

TO THE VOTERS OF JONES COUNTY:

Since it is a custom for one seeking public office to make some formal announcement of his intention, I take this method to call attention to the fact that I seek your support for reelection to the office of County Judge. Your time and the space given to this statement will not permit a detailed account of activities and accomplishments of this office but only mention the fact that the general operating expenses of Jones County has been materially reduced, the bonded debt decreased and all obligations met. The financial condition of the County has been strengthened and now in condition to offset a reduction in the tax rate for 1938.

Your attention is earnestly invited to the manner in which the business of your County has been handled. It is your business to investigate these matters and in so doing you will have occasion to find my record as your County Judge. An officer's record will speak louder than written or spoken words and I trust that you will find time to make your investigation in this instance and be governed thereby.

If you find that I have been faithful to the trust you have placed in me, your vote and influence will be greatly appreciated. If returned to this office it will be my sincere desire to serve you and your interest in matters pertaining to this office to the best of my ability.

For the confidence heretofore placed in me and for the cooperation given while serving you as your County Judge, I am deeply grateful.

Sincerely,

OMAR BURLESON.

HAMLIN GIRL "FAVORITE"

AT TEACHERS COLLEGE

DENTON, Texas, Jan. 15 — Miss Elmo Joy Wilson of Hamlin, a junior at North Texas State Teachers College, was one of seven students named as favorites for the 1938 Yucca, college yearbook, in a recent assembly election.

The selection, made by vote of the student body, names the seven most popular students on the campus. Each favorite will have two full page pictures in the 1938 Yucca, which comes off the press in the spring. — Teachers College News Service.

ROTARY AND LIONS IN GOOD WILL DINNER

This past Tuesday the Hamlin Lions invited the Hamlin Rotarians to come down to the Model Hotel and "eat with them." Wednesday is the regular day for the Rotarians and to get the honor of eating in the Lions Den, the Rotarians just moved up their luncheon day.

Each club was on its own . . . meaning by that, each club paid for its own eats.

The Lions dispensed with their usual business program, said to take about 40 minutes time; they also dispensed with their "letter reading and Tail-twisting pranks which carry with them various fines from 10 cents up; they even dispensed with the Lion singing and permitted Rotarian Albritton to do his stuff. Arthur practiced the two gangs for several minutes on "The More We Get Together" and five or six verses of America. The Rotarians out-sang the Lions, so the Lions say. All because Arthur had been practicing his men on these songs for the past few years.

All the Lions got through their eating fairly soon except one by the name Arlie, who "chanced" to sit by a charming young lady from Hardin-Simmons University. Later the young lady told on him, saying that Mr. C. had laid his life's love history before her during the past half hour. So much for that.

Lion President Gordon Bennett presided and expressed delight that the Rotarians had come down as self-supporting guests" of his club. He introduced Lion Arlie Cassie who presented Miss Ann Rader of Hardin-Simmons University who rendered two musical numbers on the Xylophone. Miss Rader is an artist and made such a hit with all the "boys" that they immediately invited her to come over again.

Next Dr. Rupert N. Richardson, Vice President of Hardin-Simmons University, was introduced. Dr. Richardson was reminded by the chairman of the program that Hamlin furnished the distinguished educator with a wife about umpteen years ago. That's the truest thing so far you have read in this article. He did find his wife here and several were present who saw the good old fashioned wedding in one of our churches.

Dr. Richardson followed the channel of thought expressed in a book by Dr. Webb of the State University, "Divided We Stand." His talk was thought provoking and from many angles very interesting. It was all-in-all a good get-together by the two service clubs of our city.

SCHOOL BUILDINGS BROKEN INTO

Last Friday night both of Hamlin's school buildings were entered by what might be called burglars. From indications it would appear they were hunting money or something to eat.

The High School was entered by breaking a window leading into the Superintendent's office. Once in that room they could get no farther except by breaking out or crawling over the transom, which they did. From there they prowled in the many lockers and broke into the Home Economics rooms and pried open steel cabinets and finally located some "key money" amounting to about \$5.00. No silverware or clothing or anything else was taken.

The same night the Grammar school building was entered, and considerable prowling was done and some damage. No clue, yet.

Steps have been taken to catch such prowlers in the future. This time the amount of stuff taken was far less than the damage done to windows and doors.

"We want to adjust inequalities and remedy defects in the tax laws. If we find that the operation of any particular tax is unfair, we stand ready to say so publicly."—Secretary Morgenthau.

KEEP THE HERALD COMING.

Hamlin-Rotan Road Seems to Be Assured; Likely No More Delays

The Rotan Advance carried an article last week showing that they are elated over the prospects of getting an outlet by highway to the east through Hamlin and Stamford. And why not?

We are taking the Rotan expression as you will see below, showing that for 20 years they have been seeking a good highway to the east so that it might be possible to get out. We agree with them that it is about time a road is built to serve this part of West Texas. What is said in Rotan about the Hamlin-Rotan road applies in this city and we shall reproduce their road information for what it is worth.

With this it would seem that 1938 holds for Fisher County road improvement also from Sweetwater to Hamlin:

A letter received here this week, coming through the State Highway Commission, said that "Word has been received from Harry Hines of the State Highway Commission that there will be no more delay in finishing the survey between Rotan and Hamlin."

It seems that Mr. Hines has become "fired" over the fact that this project has been allowed to drag. He has made several trips over the road and realizes the necessity of its completion. It was upon his recommendation to the Commission that the order was passed authorizing the survey and the designation of this road to become a part of the highway system of Texas.

This road is the first highway that citizens of Rotan worked for. More than twenty years ago a movement was started to get a through

east and west highway built along this route. Towns from Waco to Roswell, N. M., were interested in the project and most of the road was eventually built with the exception of this 20 miles between Rotan and Hamlin.

In more recent years the towns of Rotan, Hamlin and Stamford have been working to get this road completed, but until Mr. Hines became interested in the road there was very little progress made.

Now county commissioners have a regulation grade and standard drainage structure on almost all the road and it is in fine shape for the highway commission to take over and complete. Mr. Hines has definitely promised to do this and it seems that he is very much in earnest about the matter, so we can expect some prompt action in the very near future.

Commissioner W. L. Barker of this precinct has made several trips to Austin to present the matter to the Commission, together with citizens of Rotan, and such committees have repeatedly been given assurance of help.

The completion of this piece of road will give continuous pavement from the east to the north-west part of Texas, and will cut off some 15 miles from the next shortest route. Much of the travel that should logically come through Stamford, Hamlin and Rotan has been going to the Bankhead 30 miles south. Thus the Bankhead route has become congested and this is probably one point considered by Commissioner Hines in urging the completion of the Rotan-Hamlin road.

HAMLIN HOSPITAL NOTES

Miss Adele Dixon, Hamlin, underwent an emergency appendectomy Jan. 1st and was released Jan. 8th. Miss Dixon is now able to resume her work as cashier at the Ferguson Theater.

Mrs. W. B. Teague, Hamlin, was released from the hospital Jan. 16th. Mrs. Teague fell and fractured her left hip Jan. 10th.

Mrs. C. L. Stevenson, McCauley, was released from the hospital Jan. 16th.

Mr. and Mrs. V. W. Jackson, McCauley, are the proud parents of a daughter, born Jan. 14th. Mrs. Jackson and little daughter were dismissed from the hospital Jan. 16th.

Miss Willie Walker received medical treatment for fractured arm Saturday, Jan. 15th.

Clifford Stewart underwent an

appendectomy Sunday, Jan. 16th, and is reported doing well.

Mr. and Mrs. Sid Johnson are the happy parents of a son, born Jan. 18th, at the hospital. Mother and baby are doing well. The little fellow has not yet been named.

CARD OF THANKS

We wish to thank our friends and the good people of Hamlin, Plasterco and Hinson communities and each and every one for their many acts of kindness and sympathy shown us in our recent bereavement. Also we thank you for the various floral offerings. May God's blessing and guidance be with you each day.

Mr. and Mrs. D. M. Beard and children,
Otha Brown.

Miss Gladys Davis returned last week from the Baylor Hospital in Dallas where she had spent four months taking a post graduate course in nursing. She is at the home of her parents, Mr. and Mrs. E. C. Davis, in the Flat Top community.

CONVALESCING

These days we hear much about business "Recession," why this and why that . . . talk, talk, chatter, chatter. All in a feverish attitude of fear. It is similar to a person or family who has had a serious case of illness. During the period of "convalescing" the individual has a fearful fear of the returning illness . . . a constant dread of a relapse when as a matter of fact he should try to get himself in hand and feel strength returning. Certainly this whole nation was lately seriously "ill" almost to death. Conditions have been "doctored" and U. S. are in the "Convalescing stage."

There hangs over individuals, and business a constant fear that maybe a relapse is eminent, and with a boost of politics the field of fear is widened and we hear "recession" and a lot of bunk.

Certainly there are several millions unemployed but always there are three out of every four who prefer unemployment, and maybe if Uncle Sam keeps on feeding and petting there will be more. A nation as well as an individual, can talk itself sick.

EXPRESSION OF THANKS

We wish to express our deepest appreciation for all of the kindness shown us in our recent bereavement. Words can never tell exactly how we feel toward our friends. Thank you all!

With morning came the repair crews

A winter rain, falling slowly from leaden December skies, froze to telephone poles and lines. Hard on its heels came the wind. Ice-laden wires snapped and poles splintered before the blast.

Night found scores of towns throughout the storm region handicapped by crippled telephone service.

But...with the morning came the repair crews. Hastily gathered from regions untouched by storm, by a management long familiar with such emergencies, they poured into the stricken area with trucks, tools and materials. Day and night they rushed the work of reconstruction.

One advantage to you of the Bell System's far flung organization is this: When disaster flattens the telephone system that serves you, men and money and materials are instantly available for the prompt repair of the damage. Southwestern Bell Telephone Company.

Points and Personalities

by doris pope

They say that there's "consolation" in everything, but sometimes we doubt it. Now, it's hard to believe that there's any consolation for having a "mug" like ours, but recently we read an article that gave us hope and sent our spirits soaring again. The author declared and proved in his article that: "Too beautiful girls cannot get jobs." Believe us that is consoling, because—beautiful or ugly—a girl's got to eat!

We notice this week that Waggoner Drug Company is making some great improvements in their store. The most outstanding is the streamlined, modernistic front that not only adds beauty and attractiveness but also convenience in that it gives a double door entrance into the store. Congratulations, Uncle Jerry!

Also we note that the Reynolds Pharmacy has made some new 1938 changes. Several feet of floor space and shelf space have been added and the interior of the store has been brightened with new coats of paint. Hats off to you, Cliff and Verna.

Beware! There was blood in the eye of a certain bachelor girl, who keeps books for one of our leading firms, when she declared, "I'll get married this year if I have to marry a horse jockey."

What two girls left town recently going west and returned with only one bird?

A certain grocery man is "down" on one of our leading daily newspapers this week, because they cheated him out of a bird hunt by announcing that the season closed a day earlier than it really did. Yes, that explains his "down in the mouth" expression—and so you see the newspaper gets blamed for telling it and the newspaper gets blamed for not telling it. What a life!

That Jones boy from Stamford may be a "one-man football team," but he certainly isn't a "one-man basketball team." (He demonstrated this in the Hamlin gym last Friday night. It's a shame that he wouldn't pass the ball to some of his team mates—maybe they could have hit the basket.)

What two very eligible young men of our fair city went running up and down stairs the other night "hunting" burglars? (Some people suspect that they were "running from" burglars instead of hunting 'em.

Will someone please explain why two of our charming and attractive bachelor girls had to go clear out to Odessa and Midland prospecting for oil last week-end, when we have an oil field right in our own "back yard?"

McCAULEY MATTERS

By JOHN P. HARDESTY

Miss Melba McKinney, who spent about a week in Hendrick Memorial hospital in Abilene, is back home. Her many friends are rejoicing that she is rapidly convalescing.

The amount raised in cash and pledges toward the erection of the new Baptist parsonage stands at this date \$514.00.

The following named merchants and friends of Hamlin have made substantial gifts toward the building of the pastor's home: Farmers & Merchants National Bank, Barrow Furniture Co., Rev. J. A. Young, Miss Lillie Young, M. P. May, J. S. Inzer, Dr. L. P. McCreary, J. Ubben, West Texas Utilities, Eddie Jay, B. L. Jones, Jno. T. Day & Son, W. A. Albritton, Wheat & Graham, Panhandle Distributors, Strauss Dry Goods, Hyatt and Walker, W. R. Wilkerson, John Turner, Mrs. B. S. Ferguson and E. W. Kirksey.

The following friends of Roby have also made substantial gifts: B. L. Conyer, R. E. Parker, R. L. Wilkins, Miss Maebele Headstream, Roby State Bank, Judge Carl C. Wilson, C. H. Shelton, C. J. Dalton and F. O. Turner of Sylvestor, and Ernest L. Smith of Rotan. Miss Ora Stephenson, Port Arthur also sent in a nice offering. It is our purpose to recognize in this column all who favor us with their gifts toward the building. This will include those who contribute labor also. We will reserve for a later time gifts of our home people.

Mr. J. W. Rector has moved the residence near the school campus, formerly occupied by the A. M. Tanner family, to his farm east of McCauley.

Pastor and Mrs. Hardesty are occupying rooms at the Granville Dean residence while the parsonage building is being erected.

A banquet was given the Boy Scouts at the Methodist Church last Friday evening by the fathers and mothers and friends of the Scouts. This writer could not be present on account of the meeting with his church of the Rally of the Associational Senior B. Y. P. U. of Fisher Baptist Association, at the same hour.

The Methodist Church congregation and friends of Mr. and Mrs. W. H. Pickron, and their son, Billy, gave them a farewell reception at the church Tuesday evening. The Pickrons have been residents of McCauley for a long time, and have served in church and community affairs in many useful ways. They are soon to move to the Mineral Wells section to make their home. The best wishes of a wide circle of friends follow them. They are the right sort, and we recommend them to their new neighbors. The Methodist S. S., of which Mr. Pickron is the superintendent, gave them a set of china ware and individual friends made them useful gifts.

The author of this column is pretty busy looking after the details of the parsonage building enterprise and he, no doubt, will overlook items of news that should be given. Friends will kindly aid him by furnishing these matters.

Mr. and Mrs. Wesley Akins of Benjamin came down Saturday night to visit home folks, and for Wesley to fill his regular appointment as pastor of the Barronview Baptist Church.

Mmes. W. F. Davison, W. H. Stephenson, John P. Hardesty, Miss Nola Akins and the pastor attended the Workers Conference at Rotan Baptist Church Monday.

HEALTH NOTES

By Geo. W. Cox., M. D., State Health Officer

AUSTIN.—"Texas is faced with the probability of local smallpox epidemics if precautions are not immediately employed," declared Dr. Geo. W. Cox, state health officer. "Last year there was not a single death from smallpox in Texas, while last week over thirty cases and two deaths were reported.

"Smallpox epidemics would never occur if everyone, and especially children, could be effectively vaccinated. The lack of vaccination causes the present menace of this disease. Modern safeguards have removed every legitimate objection to vaccination. The virus is made from calves and, consequently, is incapable of transmitting human blood diseases.

A primary vaccination with one successful re-vaccination will, as a rule, protect throughout life from the milder forms of smallpox, but this is not true in the severer types of this disease. Therefore, be vaccinated and re-vaccinated at least every seven years, so that you will have the greatest protection possible and the least chance of being sick. Re-vaccination should also be done after each time you have been near a known case of smallpox, for you know that the old vaccination protects if the new one fails to "take." Vaccination is not to be feared but rather to be sought as the only safe, positively harmless and absolutely certain safeguard against smallpox. See your family physician today and be sure that you are protected."

WASHINGTON NEWS LETTER

(FROM CONGRESSMAN CLYDE L. GARRETT)

OBJECTIVES OF THE NEW SESSION

The President states his objectives for the new session. A wage and hour bill, authorization for government reorganization, a crop control legislation, relief funds, curtailment of expenditures in a way that necessary government functions will not be endangered, national income must be raised to produce larger tax revenues in present taxes without causing losses.

XX

ECONOMIES

The President is determined to cut government expenses at this time. He has recommended several curtailments to Congress among which are: Curtailment of several general public works programs such as river and harbor improvements and buildings because they do not provide as much employment as other types of work. Reclamation projects are to be stopped until those now under construction are nearly completed. Public building should be continued only on a small basis so that capital investments will be returned by savings in annual operating costs. Reduction of highway construction grants. Some of the expenditures will remain the same and a few will be boosted but in general, the program is economy.

XX

MONOPOLY

The important point in the coming year in Congress seems to be monopoly. Some control to curb monopolies will be sought and enforced. The anti-trust laws are not much help in controlling business and for this reason they stand to be revised. Identical bidding plays a large part in the reasons for revising those laws, as the government does nearly all of its purchasing on the basis of bids where competition

is important. The government has always disapproved of identical bidding and will try to stop such action. Just in what ways monopolies will be curbed is as yet hard to say.

XX

NEW JUDICIARY BILL

POTATO SURPLUS BOUGHT FOR RELIEF USE

Nearly 3 million bushels of the 1937 potato and sweet potato crops had been purchased for relief distribution by the Federal Surplus Commodities Corporation. Purchases of Irish potatoes were 4.3 per cent of the carlot shipments since June 17. Purchases from the 1937 crop started June 17. The FSCC had bought, through December 31, a total of 2,660,200 bushels of white (Irish) potatoes and 326,000 bushels of sweet potatoes.

XX

ICE CROP ILLUSTRATED BULLETIN

Natural ice is a crop that farmers may harvest over a large part of the northern half of the United States. Lakes, streams, and natural and artificial ponds are the principal "fields" of supply, but where water is limited "canned" ice may be produced in galvanized iron containers, a few of them turning out a large number of blocks during the winter. Farmers' Bulletin 1078, Harvesting and Storing of Ice on the Farm, has just been reprinted by the Bureau. It is well illustrated, gives all necessary instructions on methods and detailed plans of storage houses, and shows how to provide for insulation and drainage. Copies of the bulletin may be had from the Office of Information, U. S. Department of Agriculture, Washington, D. C., or from my office.

XX

SPREAD IN BREAD PRICES

The spread between the retail price of white bread and typical bread ingredients costs reached a 7-year high at the end of 1937. Not since December, 1930, has this baker's and retailers' margin been as large as it was in November and December, 1937. The average retail price of a pound loaf of bread for the country in December was 8.7 cents and the average cost of ingredients in a typical pound loaf was 2.6. This left an average gross margin of 6.1 cents for bakers and retailers.

XX

SOCIAL SECURITY

Nation-wide operation of the Social Security Act has been achieved in 1937 for the first time. It is no longer necessary to discuss the Act in terms of its promises; today the Social Security Board is able to report on Nation-wide achievements in public assistance to the needy, old-age insurance, and unemployment compensation. In summarizing the years progress, more than 36,000,000 wage earners now have social security accounts under the old-age insurance program; it is estimated that approximately 21,000,000 workers are covered by the approved unemployment compensation laws of all the states, and over 2,100,000 of the needy—the aged, the blind and dependent children—are receiving regular allowances from Federal State and local funds.

Bronchial Coughs Need Creomulsion

Just a common cough, a chest cold, or a bronchial irritation of today may lead to serious trouble tomorrow. They may be relieved now with Creomulsion, an emulsified Creosote that is pleasant to take. Creomulsion is a medicinal combination designed to aid nature in soothing and healing infected mucous membranes by allaying irritation and inflammation and by aiding in loosening and expelling the germ-laden phlegm. The Medical Profession has for many years recognized the beneficial effect of Beechwood Creosote in the treatment of coughs, chest colds, and bronchial irritations. A special process was worked out by a chemist, for blending Creosote with other ingredients and now in Creomulsion you get a real dose of genuine Beechwood Creosote which is palatable and can even be taken frequently and continuously by both adults and children.

Creomulsion is one preparation that goes to the very seat of the trouble to help loosen and expel the germ-laden phlegm. When coughs, chest colds and bronchial troubles—due to common colds—hang on, get a bottle of Creomulsion from your druggist, use it as directed, and if you are not satisfied with the relief obtained, the druggist is authorized to refund every cent of your money. Creomulsion is one word—not two, and it has no hyphen in it. Ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief that you want. Adv

IRON LUNG FOR STAMFORD HOSPITAL

Below is a letter from Stamford asking Hamlin people to help a little toward buying an "Iron Lung" for their hospital.

The Herald believes this community should have a part in that modern item to save life right here at our door. Already Hamlin has contributed toward a "Lung" at Abilene but many would like to see the "Lung" in the Stamford Hospital. So let's get our checks to them . . . either direct or fill them out and leave at the Herald office—make them payable to "Stamford Iron Lung Fund."

Below is a letter from them:
Stamford, Texas
Jan. 12, 1938.

Editor Hamlin Herald,
Hamlin, Texas.

Dear Mr. Pope:

Stamford is about to purchase an "Iron Lung" to be installed at Stamford Sanitarium. Over \$100.00 has been paid in the fund for the respirator with another \$200.00 yet needed.

Schools, various clubs and companies as well as many individuals over this territory have contributed liberally but we feel that Hamlin, too, will want to have a part in this equipment which is to be used free by anyone needing it.

Dora had returned from Sunday School where she had been for the first time.

"What did my little daughter learn this morning?" asked her father.

"That I am a child of Satan," was the beaming reply.—Savings and Loan.

Hamlin Girl Will Be Married In Texas City

Miss Jewell Dean, daughter of Mr. and Mrs. R. L. Dean, who is now employed as a teacher in the Texas City schools, will be married in that city Saturday. Miss Dean has been the honoree for a number of social affairs preceding her wedding. Below we quote from the Texas City press:

Mr. and Mrs. R. L. Dean, Hamlin, Texas, announce the engagement and approaching marriage of their daughter, Miss Jewell Dean, to Mr. Jess R. Long, son of Mr. Long of East Stroudsburg, Pennsylvania.

The wedding is to be an event of Saturday, January the 22nd, 8 o'clock p. m. at the First Baptist Church, Rev. Roland P. Hood will officiate.

Miss Dean was graduated from Hamlin High School and Sul Ross State Teachers College in Alpine, Texas. She taught in the Texas City school system for the past year and a half.

Mr. Long was graduated from East Stroudsburg High School and later was graduated from the East Stroudsburg Teachers College. He has been employed here by the Petroleum Conversion Corporation for the past year and a half.

The couple will leave immediately after the ceremony on a wedding trip to Florida and will later go to Elizabeth, New Jersey where they will make their home and Mr. Long will be employed by the Petroleum Conversion Corporation.

Mrs. Roland P. Hood, Mrs. A. J. Leevies and Miss Dorothy Nell Darby will entertain Tuesday night at the home of Mrs. Hood, honoring Miss Jewell Dean, who will become the bride of Jess Long Saturday.

A beautifully appointed social function was the tea given Sunday afternoon by Mrs. O. W. Russell, honoring Miss Jewell Dean, bride-elect. In the receiving line with Mrs. Russell and Miss Dean were Mrs. Levi Fry and Mrs. F. P. Ryan of Texas City and Mrs. J. Rymer and Miss Yvette Rosenthal of Galveston.

Miss Dorothy Nell Darby was in charge of the lovely bride's book of white satin, Miss Ruth Renfrow presided at the punch bowl and the guests were served by Misses Hazel Cox, Iris Hart and Margaret McClintock.

The table was covered with a lace cloth centered with a low bowl of chrysanthemums and lighted with tall white tapers. On the buffet was a bowl of jonquils and white tapers lighted the scene.

Friends of the honoree called between the hours of 4 and 6 p. m.

MRS. H. B. LEWIS MARRIED
A STAMFORD MAN, JAN. 1

It has been a long time since Jan. 1. And sometimes marriages go still longer without being known enough to go into print. The Herald got a short hint that Mrs. H. B. Lewis, one of the prominent farm women of the Flat Top community, was married to a Stamford man on Jan. 1. This rumor was fully confirmed Saturday by N. R. Packwood, her long time neighbor.

Dr. S. S. Callicoate is the lucky man.

Since the death of her first husband, Mrs. Lewis has carried on her farm work assisted by a brother, Carol Sumrall. She delights in being called a "farmer-woman" and no music is prettier to her than that of machinery. She is strictly business and yet she carries a smile of friendliness that makes her friends everywhere.

WISE CHAPEL
4-H CLUB

The Wise Chapel 4-H Club girls met Jan. 7 at the home of Mrs. D. J. Herbst, club sponsor.

Under the direction of Miss Martin, a business session was held, and officers for the new year elected. The vice president became president, Charlene Rich was elected vice president, Leta Faye Rassen, poultry demonstrator and Virginia Austin, reporter.

Articles for sewing baskets and the culling of hens were discussed. The next meeting will be Friday, Jan. 21.

The Waggoner Drug Company store is being re-dressed out this week in a modernistic front. The show windows have been rebuilt, and rearranged, and later the finishing touches will be a layer of black and beige carrara, with aluminum trimmings. J. J. Waggoner is among the few original old timers still in Hamlin and at the same kind of business. A little progress here and there, he says is good for the health of any town, hence, why not doll up his front with something modern.

THE REST OF THE RECORD

BY JAMES V. ALLRED
Governor of Texas

As this is written I have just returned from Bismarck, the capital of the State of North Dakota, where I spoke at the Jackson Day dinner. I found many enthusiastic Democrats there, and according to all reports the people are overwhelmingly behind President Roosevelt, just as they are in this State.

Incidentally, when I saw the President in Washington recently he appeared to be in the best health and happiest spirits of any time I have ever seen him. He seemed to appreciate it when I told him that the people of this State were behind him almost 100 per cent.

'Pay your poll tax!' That should be the slogan of all good citizens from now until February first.

One of the most important offices filled by vote of the people is that of Lieutenant-Governor. Generally little attention is paid to it by the voters, but it is a powerful office.

The Lieutenant-Governor presides over the State Senate and appoints the various senate committees. This is especially important when a conference committee is appointed. The Lieutenant-Governor's rulings can generally determine whether a bill is to pass or not pass. For this reason you can see how important it is.

Regardless of whom you expect to vote for, for Governor, for Lieutenant-Governor, or for any other office—"Pay Your Poll Tax!"

BOYD CHAPEL CHIRPS

Mr. and Mrs. Charlie Young and son, Lee Roy, and Travis Hubbard and family spent Sunday with Mr. and Mrs. Maedgon Rainwater of Noodle.

Preaching and singing at the Methodist Church were well attended Sunday. An unusually large crowd was present at singing and we had some fine singing.

Mr. and Mrs. Gibson of Snyder spent Sunday with their daughter, Miss Louise Gibson.

A large crowd enjoyed the forty-two party at the home of Mr. and Mrs. Alfred Dutton on last Saturday evening. Mrs. Dorsey Bingham and Alfred Dutton won high score. Refreshments of pop corn and fudge were served by the hostess.

I. R. Young of Abilene visited with his parents, Mr. and Mrs. Bob Young, Sunday. He is leaving this week with his son, Orvil, for the Baylor Hospital where Orvil will receive treatment.

Mrs. J. P. Cornelius was hostess to the Willing Workers club on last Thursday afternoon when Miss Lucille Allen was complimented with a bridal shower. Miss Allen was married Saturday to Mr. Crowder.

Singing was enjoyed by a large crowd at the home of Mr. and Mrs. Charlie Young on last Wednesday evening. Everyone enjoyed the old time playing and singing by Charlie and Thompson Young and Ollie Estes.

Singing school which is being taught by Fred Bennet and Henry Ship, is being well attended. There were about 150 present Tuesday night.

WISE CHAPEL 4-H CLUB MEETING

The last meeting was called Jan. 7. The secretary called the roll and read the minutes.

The song leader, Jess Treadwell Jr., led the club in several songs. The songs were: "The Beautiful Texas," "The 4-H Camp," and "The More We Get To-gether." Then we gave the pledge and the club prayer. The committees then gave their reports.

Harold Green made a motion that we build up the club financially. The motion was carried and our monthly dues are thirty cents.

We had three new members who were Dwain Austin, Billye Jo Kirk and C. F. Acklin.

Mr. Lynch took charge and told us about our project and handed out record books.

Mr. and Mrs. Doyle Whatley and children of Brownwood were guests in the home of Mr. and Mrs. Roy Gilbreath the past week-end. They were accompanied by Mr. and Mrs. A. P. Sprinkle and family.

Reducing 1,639 Prices

Safeway takes the lead in correcting an evil that has long existed in food stores.

For years food stores have featured so-called specials for the week-end, at cost or below, as bait to get customers into the stores. This loss was made up by overpricing many other items in their stores.

Safeway pledge themselves to the buying public to a program of LOW prices—every day on every item, guaranteeing VALUES on well known nationally advertised and local brands. We pledge a continuation of our courteous service and the convenience of fine neighborhood stores. We will maintain the same low prices in all stores.

You or your children can shop with confidence—and at your convenience—with the assurance that our prices will be low every day in the week—Monday, Tuesday, Wednesday, Thursday, Friday and Saturday.

LOCAL NEWS FROM FAR AND NEAR

(By TRESSIE BROWN)

Mr. and Mrs. Edd Johnson and son Lewis, spent Sunday with Mr. and Mrs. Jim Johnson and children, Grace and Carl.

Misses Evelyn, Elaine and Zulene Moss of McCaulley spent Sunday with Misses Lou, Tressie and Eunice Brown. Miss Viola Green of Swedonia spent the week-end with us also. We attended the singing at Boyd Chapel Sunday afternoon.

Mr. and Mrs. W. R. Green and daughters Geraldine and Azalee, spent last week in Comanche County and Gorman visiting relatives. They were accompanied home by Mrs. Green's sister, Mrs. Dan Bingham of Beattie, who will visit this next week with her mother, Mrs. A. R. Brown of Plasterco, and her two daughters, Mrs. Walter Doe of Hamlin and Mrs. Lucius Faulkenberry of McCaulley.

Carl Johnson was home this week-end, visiting his parents, Mr. and Mrs. Jim Johnson, and friends in and around Hamlin.

Bro. Gray, our pastor of the Neimenda Baptist Church, held the regular third Sunday meeting this week-end. His messages were a blessing to lost souls, and his most needed sermons were deeply enjoyed by all who attended.

The singing at Boyd Chapel Sunday afternoon was indeed a success. An "unusually" large crowd attended. We had with us the 'Friendly Four Quartet' from Sinclair, Mr. and Mrs. Fred Bennett, Mr. Ship and many more visitors in and around Anson, Hamlin, McCaulley, and other places. We certainly enjoyed it all. Mrs. Earl Brown, president, sure 'put it over in a big way.' Mr. Fred Bennett and Mr. Ship are teaching a two weeks singing school, and a large number is enrolled and it looks as though "it will prove successful." We all seem to be more interested and promise "to do our best."

Poorly Nourished Women — They Just Can't Hold Up

Are you getting proper nourishment from your food, and restful sleep?

A poorly nourished body just can't hold up. And as for that run-down feeling, that nervous fatigue, — don't neglect it!

Cardui, for lack of appetite, poor digestion and nervous fatigue, has been recommended by mothers to daughters — women to women — for over fifty years.

Try it! Thousands of women testify Cardui helped them. Of course, if it does not benefit YOU, consult a physician.

Pat wanted to borrow some money from Michael, who happened to have a small boy with him at the moment. "Tis a fine kid you have there, Mike," said Pat. "A magnificent head and noble features. Could you loan me ten?"

"I could not," replied Mike. "Tis me wife's child by her first husband."

HOMEMAKERS CLUB

The Homemakers Club met Tuesday January 18.

Miss Hawkins of Abilene, Home Economist of the West Texas Utility Co., Abilene, gave an interesting talk on "The Uses of Electrical Appliances in the Home." Some of the high points of her talk were: Electricity as a time-saver, especially through the use of small appliances. She explained the use of Mixer, Pop-corn Popper, Egg Poacher, Dish Washer, Garbage Disposal, Refrigerator, Ventilator, Washing Machine, Ironers, Ice Cream Freezer and Vegetable Shredder.

Miss Hawkins is coming again at a later date and demonstrate to the club some of these useful electrical appliances.
